

**PRESSURE WASH FOR THE REMOVAL OF  
ROAD FILM FROM CARS, TRUCKS AND  
TRAILERS WITHOUT SCRUBBING**

# AMBUSH

**NO HARSH SOLVENTS  
ALUMINUM SAFE  
100% BIODEGRADABLE**

**“THE SAFEST CAR AND TRUCK WASH”**

## **PRODUCT DESCRIPTION:**

This product is a green, clean concentrated liquid for use in pressure washers. It can be used in either hot or cold water. (Hot water will improve performance). This product works equally well in hard or soft water. Removes heavy grease or road film, tar, bugs, oil, sludge, tree sap and bug stains. It is 100% biodegradable. Safe for use on all aluminum surfaces. It will not harm high grade paints.

## **EMERGENCY FIRST AID:**

**EYES:** Rinse 15 minutes with sterilized water, if symptoms persist, seek medical attention. **SKIN:** Rinse thoroughly with water if symptoms persist, seek medical attention. **INGESTION:** Give victim large amounts of water while seeking immediate medical attention. **INHALATION:** Remove victim to source of fresh air, if symptoms persist, seek medical attention.

**COMPOUND CLEANING LIQUID NON HAZARDOUS**

## **DIRECTIONS:**

Apply product by using side to side strokes, starting at the bottom and working your way to the top. On heavily soiled trailers you may have to reapply cleaner before you rinse. Simply apply a second coat over the first. Let stand, then rinse with cold water. Meter through pressure washer. Normal dilution through these machines varies from 30 to 1 to 500 to 1 depending on the setting on the soap valve. Adjust metering valve until slight foam appears at end of the wand, then begin cleaning procedure. This product may also be used for light to medium duty pressure cleaning of floors and walls. Always rinse well with potable water.

## **CAUTION:**

Do not allow to freeze. Do not store at temperatures above 120 F. Keep out of the reach of children. Do no ingest. Always rinse thoroughly. Use eye, face and protection when handling
